Smarty Game

A reading game, suitable for 2-3 younger students at an early stage in their phonic development.

Make

Print out both pages onto light weight card to make the board and word cards.

Cut out the word cards, then shuffle and place them in a pile.

You will need a stopwatch.

© nessy.com

How to play

1. Take turns to pick a card.
2. Read the word aloud.
3. You have 10 seconds to find a picture that matches the word on the card; put your card on the matching picture.
4. If you put your card on the wrong picture or run out of time then the card is returned and the next player has their turn.
5. Keep going until there is one picture space left to make up a column or row.
6. Put a small reward, like a chocolate button or jelly bean, on the picture space.
7. The next person who puts a matching sound card on the picture with a sweet can eat it!
