

Turkiye Class

Dear Parents/Carers

In Term 1, we will be learning about food.

English

In English, the children will be studying two books called 'Pancakes for Breakfast' and 'Pattan's Pumpkin'. The children will explore asking questions, making predictions, writing a review, and using their senses to describe settings and characters. The children will also sequence the events and retell the story.

Science

In Science, we will be investigating everything about themselves and name the different body parts. They will learn about the five senses and why these are important.

Maths

In Maths, the children will focus on developing a secure understanding of place value of numbers to 10. The children will represent and partition numbers in different ways. The children will also learn how to add and subtract numbers using equipment.

Please encourage your child to practise counting to 20, 50 or 100 forwards and backwards.

Design and Technology

The children will learn about healthy eating and why we need to eat five fruits or vegetables a day. The children will design and make colourful fruit kebabs.

PE

This term the children will be learning about space and movement in gymnastics and in games. PE will be on a Tuesday and Thursday. Your child must have full PE kit in school, including joggers, warm top and trainers for the outside PE activities.

Please read with your child every night and record this in their contact book, as this will help your child make progress. Please bring in daily.

For Maths home learning, do log onto Numbots to practice addition and subtraction.

We are looking forward to a great term.

Miss Pirwany
